In hundred meter started with 12 seconds in college and end up in forces with 11.4 seconds. I was 2nd in force commando course and best in Physical activities in SPG. Last but not least won a stage show for college in Maha Rana Pratap College, Gorakhpur.

Your feedback about the college *

I have started with big zero in 1982 and improved many fold on physical development, mental development, psychological development and spiritual development etc. Whatever today I am due to a very positive foundation from college. I bow in respect of all the Gurus there. There are many now no more but their teaching and memories I always carry even today. College is complete package of overall development however how we are constantly doing and improving these over the period of time that's is more important and focus area.

Any suggestion

I want to associate with college for sharing of my jounery and learning of life, if permitted.
